

INSTITUTE FOR GRADUATE STUDIES PRESENTS

# **Tech World X**

## **Transforming Teaching: Electronic Classroom Tools, Platforms and Projects (K-12)**

---

Once again this year, new and innovative technologies will be presented in a hands-on, face-to-face setting guaranteed to motivate you to incorporate more 21st century technology skills into your own professional assignment! Collaborate online, in small and large groups to share exciting discoveries and ideas with other colleagues.

Learn about:

- Interactive white boards with the promethean software
- Digital photography for your classroom
- Storybooks, posters and invitations for classroom activities
- Web 2.0 tools/blogs, wikis, delicious and more
- Facebook and Twitter for communications
- Skype and similar software
- Creating movies with Windows MovieMaker
- Integrating Document Cameras
- MS Office 2007 & MS Office 2010

This course is designed for both the beginning and advanced technology user.

**Create a technology based project incorporating one or more of the technologies discussed throughout the week and be ready to start the new school year off right!**

COURSE NUMBER: CTED 890                      CRN: 30846
