Sculpting!**

**Location: Pleasant View Elementary School  
4601 W. Marquette Ave.**

**Franklin, WI (air conditioned classroom)**

Learn about one of the oldest forms of art known to man. Become familiar with a variety of sculpture, from world famous to regional favorites through **two days of touring** the great cities of Milwaukee and Chicago. Includes Sat. Evening Tour.

- Gain a new appreciation of sculpture, by becoming familiar with its many forms of genre and modes of construction.
- Experience "Hands On" sculpting processes. No, you don't have to be artist to enjoy this class! You can relax, let your creativity flow, and feel more comfortable giving your students cross-curricular art experiences in the classroom.
- We will explore how sculpture relates to math, science, social studies, and language arts.
- Enhance your ability to connect sculpture with your classroom curriculum, and allow your students' artistry to shine. Space is limited. Sign up today! Instructor Questions? Jo Ann Kossow: 414-543-5436 -or- e-mail: [TeacherEducation4U@gmail.com](mailto:TeacherEducation4U@gmail.com)
